

# IMPORTANT PUBLIC NOTICE

Dear Stony Point Neighbor,

You may already know that **ANNIES SNACK SHOP** is in the process of being sold to **SEMBLER**, a company from Florida that wants to build a new **CVS PHARMACY** and a **PROVIDENT BANK** on the property. They are also asking for the town to make a zone change on a section of the property from residential to business zone.

The proposed bank drive up window comes within a very close distance to existing homes. Traffic at the intersection of 9W is a BIG concern since there are already existing traffic problems and the town has just approved a new **WALGREEN'S PHARMACY** on that corner, across Filors Lane, near Joyce Plaza and **HUDSON GRANDE** senior apartments on Kay Fries Drive.

The Stony Point Planning Board has decided to hold a preliminary **PUBLIC HEARING** to get resident's input at the beginning of the process. This is an important opportunity for you to learn more about what is being proposed and also voice your concerns.

Please attend the **PUBLIC HEARING** at the next **Stony Point Planning Board** meeting and invite your neighbors too!

**Stony Point Town Hall**  
**74 East Main Street**  
**Thursday, October 26, 2006**  
**TIME: 7:30pm**
